KEYNOTE SPEAKER

Jack Bauerle has experienced unparalleled success in all facets of coaching life at the University of Georgia. National champions, All-Americans, record-setters, Olympians, Scholar All-Americans, and NCAA Postgraduate Scholarship recipients have become the norm under Bauerle, who recently retired from his coaching position.

In his time overseeing Georgia's program, Bauerle has produced seven NCAA and 12 SEC crowns with the Lady Bulldogs, with 62 different men and women team members winning 175 national championships. At NAAs, his teams have posted 48 Top 10 finishes, including 21 Top 5 finishes in 22 seasons for the women's squad from 1995 through 2017. In his tenure, 304 Georgia student-athletes have accumulated 2,116 All-America citations, while Bauerle himself has been chosen as the SEC Coach of the Year 18 times (16 with the women, two with the men) and the National Women's Coach of the Year on seven occasions.

In 2008, Bauerle reached the pinnacle of his coaching success when he was chosen as the United States' women's team coach for the Olympics, leading the American women to 14 medals, the most of any nation. Including Beijing, he has coached for Team USA at each of the last six Olympic Games, serving as a women's assistant in 2000, men's assistant in 2016 and 2020, and personal coach in 2004 and 2012.

Under Bauerle's leadership, Georgia has produced 87 Olympians representing 20 different nations, earning 38 medals in the process. Georgia swimmers have earned 15 Gold Medals, beginning with Sheila Taormina in the 4x200m freestyle relay at the 1996 Atlanta Games. At the 2000 Sydney Games, Kristy Kowal became the first individual medalist as she took Silver in the 200m breaststroke, while in 2012, Allison Schmitt became the program's first individual Gold Medalist when she won the 200m freestyle in London.

PHSSCA

It is the mission of the Pennsylvania High School Swimming Coaches Association to provide for its members and others an opportunity to learn to better themselves as coaches and thus the programs of which they are involved.

Through a venture of shared knowledge and ideas, we want to see all of our high school athletes prosper and continue with record setting and personal best performances.

This clinic is a terrific opportunity for all of us to help enhance our own individual programs, as well as Pennsylvania Swimming as a whole. All you have to do is take 1 evening and 1 day from your schedule (most schools will recognize this as a worthwhile conference), attend the sessions, share thoughts and ideas, have fun and take home a wealth of knowledge that will assist you with your coaching efforts. Take the opportunity to become a better coach!
